

Dear Parent / Carer

You may already be aware of this app but I thought it was worth letting all parents know about it as it can promote and enhance child safety.

The app is called **what3words**: <https://what3words.com/products/what3words-app/>

Rather than me telling you about it I have attached two links which are recent articles about the potential and the successes of this this app.

This is an excellent tool that can help us all stay safe: Kent Police and the South East Coast Ambulance Service have confirmed they are using and accepting the 3 word addresses.

Kind regards
