

LETTINGS POLICY

Review Body:	Finance, Pay and Reward (FP&R)
Leadership Group Responsibility:	Business Manager
Type of Policy:	Non-Statutory
Reviewed:	January 2021, amended September 2021

Introduction

The governing board RMET and its associated schools regards the school buildings and grounds as a community asset and will make every effort to enable them to be available for offering extended services including community use. The governing board welcomes the opportunity to work with partner organisations in extending the range of opportunities to help children and young people achieve their full potential by engaging with services meeting the wider needs of children, young people, families and the local community. Links with the community help the school to raise pupils' motivation, expectations and achievement, which lead to higher standards and improved behaviour. Support from parents and local community organisations can be a crucial factor in improving pupils' attainment and combating social exclusion.

RMET considers itself to be the place that can provide the local community with sports and other facilities. Using the school as a centre for adult learning, childcare facilities and for meetings helps regenerate and strengthen our community. RMET will support community learning and improving health schemes.

Increased use of school premises leads to improved security for the school site and reductions in vandalism and graffiti in the surrounding area. Links with the community reinforce the fact that all education relates to the wider community and the world of work and professional practice.

Objectives and targets

The governing board acknowledges that extended services, including community services, support and complement the main teaching and learning activity within the school and contribute towards raising standards. However, the school is constrained, by its nature of being a school, in responding to certain lettings requests. Letting requests which will normally be acceptable include (in order of priority):

- Out-of-school child care such as:
 - Homework clubs and study support.
 - Sport (at least two hours per week beyond the school day for those who want it).
 - Music tuition.
 - Dance and drama.
 - Arts and crafts.
 - Special interest clubs and first aid courses.
 - Learning a foreign language.
 - Volunteering.
 - Business and enterprise activities.
- Before and after school clubs.
- Referral to a range of specialist support services such as:
 - Speech therapy.
 - Child and adolescent mental health services.
 - Family support services.
 - Intensive behaviour support.
 - Sexual health services (for young people).

- Adult education such as:
 - Information sessions for parents at key transition points.
 - Parenting programmes run with the support of other children's services.
 - Family-learning sessions to allow children to learn with their parents.
- Youth groups (scouts, air cadet corps, etc.).
- Church groups for services.
- Wedding receptions.
- Sports clubs (tennis, badminton, squash, swimming, etc).
- Outside conferences, courses and training events.

A charge, agreed by the governing board, on the recommendation of the finance committee, will be levied to meet the additional costs incurred by the school in respect of any lettings of the premises. As a minimum, the *actual* cost to the school of any use of the premises must be reimbursed to the school's budget where those activities are not directly aimed at raising pupil attainment and achievement. Chargeable costs include:

- Services (heating and lighting).
- Staffing (additional security, caretaking and cleaning) – including 'on-costs'.
- Administration.
- Wear and tear.
- Insurance.
- Use of school equipment (if applicable).
- Profit element (if appropriate). The school can cross-subsidise lettings for community and private use with income from other lettings, provided there is no net cost to the school's budget share. The governing board, on the recommendation of the finance committee, approves letting rates. Free use and charges below economic cost are not allowed.

Action plan

The school places each letting on a formal basis by ensuring that the potential hirer visits the school in advance wherever requested to do so for advice on the responsibilities they will need to be aware of. The 'Application for hire of school premises' form and the 'Agreement for indemnity' are completed by the hirer – see appendix 1 and appendix 2. Hirers are given a 'hirer's pack' including:

- The terms and conditions of hire.
- The no smoking policy of the school.
- Who they must contact and where to seek assistance in an emergency.
- Their responsibilities relating to health and safety risks which may be involved in their activities.
- Their need to undertake a risk assessment and explain how any risks will be controlled.
- Their need to ensure that their activities are covered by their own insurance cover including:
 - Public liability insurance where necessary.
 - Professional indemnity insurance where necessary.
- Their need to ensure that public entertainment and other licences are in place where necessary.
- Their need to prove that any electrical equipment provided has proof of having passed a recent portable appliance test (PAT).
- Their need to ensure that use of the school playing fields will not prejudice their use for normal purposes and no vehicles will be taken onto the playing fields.
- Their need to submit to the school a signed copy of their current child protection policy.
- The school's complaints procedure.

Internal procedures undertaken by the school ensure that:

- There is no discriminatory procedure in letting out the school premises but the list of priorities in hiring out the premises is adhered to.
- All hiring of school equipment and facilities is recorded on the letting planner kept by the school caretaker and in a lettings diary by the finance office.
- The lettings diary and the letting planner are reviewed by the headteacher on a monthly basis. Periodic audits will be undertaken under the school's anti-fraud procedures to ensure that:
 - All lettings have been invoiced and income received.

- All overtime claims are authorised and reflect overtime worked.
- The finance office generates sales invoices from the computer.
- All monies are received at the end of each term.

Monitoring and evaluation

The policy will be monitored regularly by feedback from those to whom lettings are offered (or declined) and the 'Application for hire of school premises' form will be evaluated and modified periodically as necessary. Charges will be reviewed annually in the spring term.

Within a reasonable time after the hire, the hirer shall proceed to remove all chairs or other furniture, decorations and other materials introduced onto the premises.

The hirer must, by arrangement with the site manager, visit the establishment on the first day of hiring in order that a 'hand over' may be made to ensure that the equipment to be used is in satisfactory working order. A similar 'hand over' is to take place at the end of the letting.

Adapting school premises

Special preparations, such as those required for the purpose of dancing, must not be applied to the floors without specific approval from the site manager.

Health and Safety

There is joint responsibility on the school and the hirer to ensure that health and safety requirements are understood and provision made to ensure that such requirements are maintained.
